

Box Inside My Head

A

G

I tried so hard to reach the top

Dm

But I had to stop

A

Yes, I had to stop

G

I tried to sing a different song

Dm

But it all went wrong

A

Yes, it all went wrong

F

G

A

There is a box inside my head

F

G

A

It's the place where I keep my regrets

I strived so hard to reach my goal

But it took its toll

Yes, it took its toll

I saw a mountain I could climb

But I had no time

No, I had no time

Box Inside My Head

There is a box inside my head

It's the place where I keep my regrets

Instrumental verse plus chorus

I lost my chance to take it all

A mighty fall

Yes, a might fall

From high to low is an empty trip

It's a fatal slip

Yes, a fatal slip

There is a box inside my head

It's the place where I keep my regrets

I built a box to get me through

It's what I had to do

What I had to do

So, in the dark you might hear me cry

Now you know why

Yes, you know why

There is a box inside my head

It's the place where I keep my regrets

There is a box inside my head

It's the place where I keep my regrets
