

# The Christmas That Nearly Slipped Away

**E**

Last Minute shopping, go down the shopping mall.

Then grab some holly to hang up in your hall.

**D**

Wrap up the presents, find the bauble box,

**E**

Then dress up the fireplace and hang up Christmas socks.

## **Chorus**

**A**

**B**

This is the Christmas, we thought had slipped away.

**E**

Forever, Christmas and never Christmas Day.

On the street go carolling and spread some festive cheer.

Light up the Christmas tree at the darkest time of year.

It's been a bad one, all shut up in our homes.

Now get out, spread some love

So no one feels alone.

**Chorus**

**“A bit of carol as solo”**

**Chorus**

So, listen carefully, a knock comes on your door

And there's the family, that's what Christmas is for.

“We barely made it as we stumbled through the gloom

But we have saved it we but starlight in our room.”

**Chorus**

For we have saved it we put starlight in our room.
