

Anniversary of the Faerie Queen

G

We are the children of the west

Dm/G G

Walking to the sunset

G

We are the guardians of our queen

Dm/G G

Who is riding in a dream

C

But if you want to know the truth

F

When it gets dark

G

We are the warriors of the moon

C F G

Anniversary of the queen

She's the best there's ever been

In the circle of old stones

She will sit upon her throne

But if you want to know the truth

When it gets dark

She is the empress of the moon.

We are the watchers of the sea

That is where we want to be

Worship the sunrise

And the chariot in the skies

But if you want to know the truth

When it gets dark

We are the lovers of the moon

We are the lords of far away

And we are with our queen today

Happy anniversary

To the magic monarchy

But if you want to know the truth

When it gets dark

We will be dancing with the moon
