

Song of the Super Rich

G7

Worldwide recession, global pandemic

Growth is endemic, it's academic

D

G

We win, we win

Stores are all closing, shopping on-line

Well, we can tell you that suits us just fine

We win, we win

CHORUS

A

E

B

B7

Look at us now, we are the world's richest men

We own it all, we get rich whenever you spend

We fly into space 'coz we've got money to burn

The harder it gets, the bigger our return

Flooding and fire, crime and ill-health

You can insure and help build our wealth

We win, we win

Worldwide aggression, so when the war comes

We provide funds and all of the guns

We win, we win

CHORUS

VERSE INSTRUMENTAL

CHORUS

You are so poor that you're turning to crime

We can defend you, but you'll pay for our time

We win, we win

Can't pay your rent we will give you a loan

But at our rate of interest, it's you that we'll own

We win, we win
