

# Yellow and Blue

C	F	No one is rushing away to the east
The wheels are turning, caterpillar tracks		We look to the sunset to be truly free
Am	G	Fear is anger in your eyes and heart
The sirens wailing for the air attacks		Armed for oppression
C	F	And tearing us apart
Fear is anger spread across the land		
Am	G	CHORUS
So, we will die here		
C		The wheels are turning, caterpillar tracks
To the last man		The sirens wailing for the air attacks
C F Am G		Fear is anger spread across the land
Dm	G	So, we will die here
Put an umbrella above my head		To the last man
Am	G	
I'm under fire and facing death		
Dm		
I am a shield		
G		
For all of you		
Am		
Shedding blood		
G	C	
In my field of yellow and blue		
C F Am G C
