

Fold Your Map

DG/G

Hold on

GC/G

I really need to know

BE/G AD/G

Just where I want to go

DG/G

So, hold on

Hold on

I really need some space

All direction is erased

So, hold on

Bm/G

Am/G

We could lose our way

Bm/G

Am/G

Falling in the dark

Bm/G

AmG

So just fold your map

DG/G

And hold on

Hold on

I'm looking for a track

'coz there is no turning back

So hold on

Hold on

I heard what you just said

So do not run ahead

Just hold on

We could lose our way

Falling in the dark

So just fold your map

And hold on

Hold on

A fog is setting in

Who knows what it will bring?

So, hold on

Hold on

We are not in a race

We know not what we face

So, hold on

INSTRUMENTAL CHORUS

Hold on

There is a splitting of the path

A moment's all I ask

So, hold on

Hold on

It's time for us to talk

We could lose it all

So, hold on

We could lose our way

Falling in the dark

So just fold your map

And hold on
