

No Smooth Sailing

Dm C/D

So here we go

Dm C/D

I think we all know

Gm Gm/F Gm/E C

How can the whole world be failing?

Dm C/D

This is a low

Dm C/D

Depression will follow

Gm Gm/F Gm/E C

Tomorrow will not be smooth sailing

F G

But I see the truth

F G

Inside of you

F G G

We still have love....

How do we find

What we left behind

When the light in the sky keeps fading?

Pull hard on the rope

Turn the ship towards home

This crossing will not be smooth sailing

But I see the truth

Inside of you

We still have love

STORM INTERLUDE

Lost in the storm

Weary and warn

Confronting the waves as they're breaking

But we'll carry on

'Til the passage is done

Although our lives have no smooth sailing

But I see the truth

Inside of you

We still have love.....
