

Rockstar Boogie

D

I don't know what I'm doing

I'm completely out of control

I'm on the road to ruin

Sold my soul to rock 'n roll

Can't believe what I'm seeing

Losing all reality

Living life in the fast lane

Is bringing me to my knees

G

I don't know where I'm going

It's completely out of hand

Living life in the fast lane

Is bringing me to my knees

D

The chaos keeps on growing

Living life in the fast lane

On the road with a hard rocking band

Is bringing me to my knees

A

**Instrumental break – verse & chorus**

Can't believe what I'm seeing

Well, I get a kick from playing

G

Losing all reality

And singing in a rock 'n roll band

D

Living life in the fast lane

But when the show is over

Is bringing me to my knees

It always gets out of hand

A

Living life in the fast lane

I really can't remember

F G D

What I did overnight

Is bringing me to my knees

Sober up before the next show

On stage with sharp flashing lights

When I wake up in the morning

Can't believe what I'm seeing

In a bed in another town

Losing all reality

Woman in my sheets is high

Living life in the fast lane

But I am tumbling down

Is bringing me to my knees

I don't know if I'm dreaming

Living life in the fast lane

Is it really like this again

Is bringing me to my knees

My head is always spinning

Living life in the fast lane

On the road with hard drinking men

Is bringing me to my knees
