G

I couldn't hide

Dm

From the terrible tide

F

C

That swept me away from you

G

Now all of me

Dm

Is a mountain of sea

F

And the water wall

C

Blocks the view

CHORUS

D

I cannot hide

Am

The tsunami inside

F

C

And the awful things

D

It can do

D

It's in my dreams

Am

And everything

F

C

It's all that I am

D

Since losing you

I tried again

On a different day

To be with someone new

But when the clouds

Moved over the sun

I could only think about you

INSTRUMENTAL CHORUS

A sunny day

So far away

You sat with your hat

On the sand

The earth then shook

With the angriest look

And I felt the last squeeze

Of your hand
