

Side by Side

CHORUS x 2

G

We're dancing – side by side
Romancing – side by side
Entrancing to be – side by side
Let me hear you play it
Let me hear you say it

VERSE 3

But you and me are in love forever
Finally, getting it back together
Let's go gliding down the water slide
Make a splash as our stars collide

VERSE 1

D

You and me, we went too far
Drove our love like a crashing car
You and me, we had desire

We're dancing – side by side
Romancing – side by side
Entrancing to be – side by side

G

But we had to set the house on fire

CHORUS x 2

VERSE 2

You and me, sang the same old song
Went out of tune and got it wrong
You and me, kind of lost our way
Forgot the words, didn't know what
to say

CHORUS x 2
