

Circle of Hands

B

Bm

When the world is going weird

A

E

Through all the chaos that we see

B

Bm

Falling from a great height

A

E

Through the bad things that might be

Gm

Dm

Look for the circle of hands

F

C

They will lead you through the climb

Gm

Dm

To a garden of peace

F

C

Gentle music for the mind

When the windows are dark

And you are all alone

Lovers torn apart

And a whole world overthrown

Look for the circle of hands

They will lead you through the climb

To a garden of peace

Gentle music for the mind

B D E B

When you're feeling hostile

Without reason and in pain

Lashing out in anger

Needing someone you can blame

Look for the circle of hands

They will lead you through the climb

To a garden of peace

Gentle music for the mind
