

Ladder to the Moon

G/D G/A

Dm

Let's climb up to the Moon

Am Am/G G/D

On ladders to the sky

G/D G/A

Dm

Look down upon the Earth

Am Am/G G/D

All our troubles put aside

E G#m C#m A E x 2 E G#m G/D

Find a piano on the Moon

Sing our hearts desire

All the lost boys and girls

With our voices set on fire

If we fell off the moon

Really, what would we lose?

We'd just fall back to our lives

And our egos would be bruised

So, let's see if we can climb

To the surface of the Moon

In a fragment of our time

We can sing our lunar tune
