

Begin Again

In G#m

Please, please

Let me make amends

Please, please

Let's begin again

We can make it work out now

Please, please

Said things we can't defend

Please, please

Can we still be friends

We can make it work out now

Please, please

Do not let it end

Please, please

Let's begin again

We can work it out

This time

Hey maybe it'll be alright

If we can make it through the long dark night

Hey maybe it'll be OK

When we see it in the light of day

Turn around

Do not walk away

Turn around

I'm begging you to stay

We can work it out now

Turn around

What more can I say?

Turn around

I'm not driving you away

We can work it out now

Turnaround

Stay with me I pray

Turn around

Do not walk away

We can work it out

This time

Hey maybe it'll be alright

If we can make it through the long dark night

Hey maybe it'll be OK

When we see it in the light of day

REPEAT Verse 1
