Headlights and heavy trucks

Please be there for me

Taillights and roadworks

Rainfall and windscreen wipes

Headlights and heavy trucks

Driving through a stormy night

Taillights and roadworks

Weaving from lane to lane

Tarmac and white lines

Slip roads and roadsigns

When you're on a highway

Trying to get home

Racing a lifetime

Is such a burdensome load

Headlights and heavy trucks

Are going so slow

Will you still be waiting?

I really cannot know

White lights and red lights

From twilight to late night

A crawling eternity

To get where I need to be
