

# Life

Em Bm  
On my carousel, going round and round

A Em  
Sat upon my high horse, going up and down

Em Bm  
On this roundabout, I have no doubt

A Em  
These highs and lows are what life's about

## CHORUS

D A  
(But) in the pleasure park, when the fun stops

C Em  
Within a dark arcade, the penny drops

D A  
With the boatman paid, you are on your way

C Em  
Ushered out through the exit gate

Em Bm  
In the tunnel of love, good Lord above

A Em  
There is excess and I can't get enough

Em Bm  
A rollercoaster learns when to twist and turn

A Em  
But it's pulled by tracks to its own re-run

## BRIDGE

A E  
In this trick of time, all seems fine

A B  
I meander a lot but in a straight line

A E  
On the face of the clock that will not stop

A Am Em  
This life's all mine

## INSTRUMENTAL VERSE

## CHORUS

D A  
(But) in the pleasure park, when the fun stops

C Em  
Within a dark arcade, the penny drops

D A  
With the boatman paid, you are on your way

C Em  
Ushered out through the exit gate

Em Bm  
On the Ferris wheel, it's no big deal

A Em  
A swing seat high above a crowded field

Em Bm  
From the water slide follow my guide

A Em  
To the waiting queue and the next big ride

## CHORUS

D A  
(But) in the pleasure park, when the fun stops

C Em  
Within a dark arcade, the penny drops

D A  
With the boatman paid, you are on your way

C Em  
Ushered out through the exit gate
