

Precipice

Am EM/G F Am Em D

You're standing on a precipice

They will force you to take sides

This is the age of the great divides

You're standing on a precipice

Stood so close to the edge

This is the time to take a deep breath

DM G Dm Em

Dm G Dm Em A

You're standing on a precipice

Be careful how you vote

The endless quest for power is now cut throat

You're standing on a precipice

They will force you to take sides

This is the age of the great divides
