I just wanted to be like you			I just wanted to be like you	
F#m			I just wanted to be like you	
Down in the dumps				
Hitting the speed bumps			F#m	
Last of the litter			On my computer, everything that you said	
One of the runts			E	
Searching for your secret			Camera in your bathroom, camera over your bed	
Where will you keep it?			F#m	
Under which carpet			Seeing on your story, everywhere that you've been	
Are you going to sweep it?			A	
D E	F#m		Highlights and low life, feeding the magazine	
I just wanted to be like you			F#m	
D E	F#m		Video close ups, I'm falling in love with you	
I just wanted to be like you			E	
D E	F#m		Rewinding your misery, the sort of thing that I'd do	
I just wanted to be like you			F#m	
F#m			Sitting in the darkness, waiting for you to move	
Searching in your trash can			A	
Low life that I am			Wanting to be all the people that slept with you	
Selling on the pieces			D E	F#m
Cash from the news man			I just wanted to be like you	
Covert photos			D E	F#m
Everywhere that you go			I just wanted to be like you	
Very little left			F#m	
About you that I don't know			Like you	
D E	F#m			
I just wanted to be like you
