

A Year

Another year	Another year
Another spring	Another autumn
The rain keeps falling	The wind is howling
Down	Aloud
It's tea for two	A cozy room for two
For me and you	Sat by a fire
The rain keeps pouring	While a storm rampages
And how	About
What a year	Oh! What a year
CHORUS	
The unexpected	CHORUS
The twists and turns	Another year
Never suspecting	Another winter
Then the weather turns	The snow is laying
Another year	On the ground
Another summer	But I'm alone
The sun keeps beating	'Cause you have gone
Down	Left no footprints
A retreat for two	Around
Sat in the shadow	Oh! What a year
As the grass is burning	
In the drought	CHORUS
Oh! What a year	Verse: F Bb C
	Chorus: Dm C G F
CHORUS
