Dm Gm

Summer was my lover
She kissed me hard and long

Dm Gm

But then the days grew shorter

Gm

And my Summer she was gone

C

Where is she?

A

Where can she be?

Dm Gm

She was like no other
Radiant in the sun

Dm Gm

But like a river with no water

Gm

Soon her course was run

C

Where is she?

A

Where can she be?

Dm

Summer was my lover

CHORUS

F

C

Where has Summer gone

Gm

Dm

I dreamed of being warm

F

C

Always at my side

Gm

Dm

Beneath a bright blue sky

Dm

Gm

There is rain upon the grass now
A storm has just begun

Dm

Gm

The wind it whips the tree-tops

Gm

And how empty I've become

C

Where is she?

A

Where can she be?

Dm

Summer was my lover

REPEAT CHORUS

Dm

Summer was my lover

Dm

Summer was my lover
