

Going to Lapland

CHORUS

G **F**
I'm going to Lapland
C **D**
This Christmas Day
Going to see Santa land
In his magic sleigh
I'm going to Lapland
That's where I want to go
Riding up to Santa's house
Through the winter snow
E
Here we go!

VERSE 1

Am **G**
When I was a boy
C **D**
I stayed up all night
For a glimpse of Santa
Never got a sight
They say he only comes
When children are asleep
Oh! What a story
It's enough to make you weep **G**

VERSE 2

When I got older
Santa didn't come
It wasn't fair, I thought
To lose my Christmas fun

So, I hatched a secret plan
A winter getaway
To visit Santa Claus
On Christmas Day

VERSE 3

Now what will Santa say
When I knock on his door
I might surprise him
It's not been done before
"Hello, young man," he cried
"Please come on in"
"Have a cup of tea and
Meet some of my friends."

VERSE 4

But then by midday he was
Dead on his feet
He said "Goodbye my boy
I really need to sleep
Appreciate the visit
This Christmas day
So glad you saw me
Land the magic sleigh"

CHORUS (Outro)

I've been to Lapland
On Christmas Day
And I saw Santa
Land his magic sleigh
I've been to Lapland
I want you all to know
Rode up to Santa's place
Through the winter snow
