

# Off The Rails

D F D F D F G A

You're completely off the rails

You're completely off the rails

Like a boat that lost its sails

Please don't involve me

A G F D

I don't want to slide down that greasy pole

You're a runaway train

You're a runaway train

Completely out of control again

Please don't involve me

I don't want to slide down that greasy pole

You're a clock that's out of time

You're a clock that's out of time

I see that you've been driving blind

Please don't involve me

I don't want to slide down that greasy pole

You're a cannon broken loose

You're a cannon broken loose

Just a spark will light your fuse

Please don't involve me

I don't want to slide down that greasy pole
