

Slow

I like to take it steady

I'm just a steady Eddie

And I am never ready

You could run right over me

I'm no lover of racing

Stalling and hesitating

Don't like accelerating

You could run right over me

Please don't run me down

Because I'm slow

You know that I love you dearly

I hope you can see that clearly

But speed? There is no trace

I move at snail pace

Please don't let me go because I'm slow

Please don't run me down because I'm
slow

You know that I love you dearly

I hope you can see that clearly

But speed? There is no trace

I move at snail pace

Please don't let me go because I'm slow

I don't do speedin'

High speed curves ain't what I'm needin'

My engine's overheatin'

You could run right over me

I just like cruisin'

Long and winding is what I'm coosin'

Some like to win but I like losing

You could run right over me

Please don't run me down because I'm
slow

You know that I love you dearly

I hope you can see that clearly

But speed? There is no trace

I move at snail pace

Please don't let me go because I'm slow

Please don't let me go because I'm slow
