Verse 1

Gm Dm
Against my high ideals, I've come to understand
Am E
That we are, really, not the same
Gm Dm
We might be born to die and are living, out our lives
Am E
But we each make up the rules to different games

Chorus

C G F C
Oh! What a crazy world we're living in today
C G F C
Diverging like the universe, all travelling different ways

Verse 2

Gm Dm
Some will care and trust for people who get lost
Am E
Others bomb and kill, building chaos out of dust
Gm Dm
Some will give it all, while others fail and fall
Am E
Random and chaotic in the blast

Repeat Chorus

Bridge

Am Dm
Life tries to keep us organized but physics gets in the way
Am E
Shakes our weak atomic frame with too much energy
Am Dm
The more we have to gain the more we like to lose
Am E
Trying to find the laws of chaos theory
